How to read the Annual Report

What does the 'About Our School' commentary section of this report refer to?

The 'About our school' commentary provides a brief background on the school, an outline of the school's performance over the year and future directions.

The 'School Context' describes the school's vision, values and purpose. Details include the school's geographic location, size and structure, social characteristics, enrolment characteristics and special programs.

The 'Framework for Improving Student Outcomes (FISO)' section includes the improvement initiatives the school has selected and the progress they have made towards achieving them through the implementation of their School Strategic Plan and Annual Implementation Plan.

What does the 'Performance Summary' section of this report refer to?

The Performance Summary includes the following:

School Profile

- student enrolment information
- the school's 'Student Family Occupation and Education' category
- a summary of parent responses in the Parent Opinion Survey, shown against the statewide average for Primary schools
- school staff responses in the area of School Climate in the School Staff Survey, shown against the statewide average for Primary schools

Achievement

- English and Mathematics for Teacher Judgements against the curriculum
- English and Mathematics for National Literacy and Numeracy tests (NAPLAN).

Engagement

Student attendance at school

Wellbeing

Student responses to two areas in the Student Attitudes to School Survey:

- Sense of Connectedness
- Management of Bullying

Results are displayed for the latest year and the average of the last four years (where available). As NAPLAN tests were not conducted in 2020, the NAPLAN 4-year average is the average of 2018, 2019 and 2021 data in the 2021 Performance Summary.

Considering COVID-19 when interpreting the Performance Summary

The Victorian community's experience of COVID-19, including remote and flexible learning, had a significant impact on normal school operations in 2020 and 2021. This impacted the conduct of assessments and surveys. Readers should be aware of this when interpreting the Performance Summary.

For example, in 2020 and 2021 school-based surveys ran under changed circumstances, and NAPLAN was not conducted in 2020. Absence and attendance data during this period may have been influenced by local processes and procedures adopted in response to remote and flexible learning.

Schools should keep this in mind when using this data for planning and evaluation purposes.

How to read the Annual Report (continued)

What do 'Similar Schools' refer to?

Similar Schools are a group of Victorian government schools with similar characteristics to the school.

This grouping of schools has been created by comparing each school's socio-economic background of students, the number of non-English speaking students and the school's size and location.

What does 'NDP' or 'NDA' mean?

'NDP' refers to no data being published for privacy reasons or where there are insufficient underlying data. For example, very low numbers of participants or characteristics that may lead to identification will result in an 'NDP' label.

'NDA' refers to no data being available. Some schools have no data for particular measures due to low enrolments. There may be no students enrolled in some year levels, so school comparisons are not possible.

Note that new schools only have the latest year of data and no comparative data from previous years. The Department also recognises unique circumstances in Specialist, Select Entry, English Language, Community Schools and schools that changed school type recently, where school-to-school comparisons are not appropriate.

What is the 'Victorian Curriculum'?

The Victorian Curriculum F–10 sets out what every student should learn during his or her first eleven years of schooling. The curriculum is the common set of knowledge and skills required by students for life-long learning, social development and active and informed citizenship.

The Victorian Curriculum is assessed through teacher judgements of student achievement based on classroom learning.

The curriculum has been developed to ensure that school subjects and their achievement standards enable continuous learning for all students, including students with disabilities.

The 'Towards Foundation Level Victorian Curriculum' is integrated directly into the curriculum and is referred to as 'Levels A to D'.

'Levels A to D' may be used for students with disabilities or students who may have additional learning needs. These levels are not associated with any set age or year level that links chronological age to cognitive progress (i.e., there is no age expected standard of achievement for 'Levels A to D').

About Our School

School context

OUR SCHOOL

Carlisle River Primary School is a small, remote rural school with an average enrolment of 10 students. The teaching staff consists of a full-time Principal/teacher, 0.8 Early years' teacher and visiting specialists; Art Van, Library Van, author visit and an Indonesian teacher. The school has continued its strong community support and all family members have the opportunity to be involved in activities and programs

The development and enhancement of each student's Literacy and Numeracy skills has remained the major curriculum focus, with the implementation of Victorian curriculum across all strands of learning, a comprehensive, integrated curriculum is delivered within a multi-age F-6 learning/teaching environment which supports collaborative, cross age & independent learning, individualised tuition and immediate intervention. Integrated units of study, routine incorporation of ICT, specialized programs in Art, Library, P.E and the excursion program, expands and enhances students' learning and their social, cultural, interpersonal and physical development. We are a caring school for all staff, students and the wider school community.

Carlisle River's remote community fully recognises the importance of the school to their child's development and the special benefits that can be provided by a small and supportive, family oriented educational environment.

The staff have a strong commitment to small school education, providing a stimulating and positive multi-aged, learning environment to cater for the varying needs, abilities, talents and interests of all students.

The welfare of each student is of paramount importance at Carlisle River Primary School. The school's small size, its close community links and the strong and genuine commitment to educator 'duty of care' by the teachers, ensures a safe, nurturing school environment in which all students are carefully supervised and cared for.

SCHOOL STATEMENT

We believe in the following:

- Carlisle River Primary School is a welcoming school and we believe in people getting on, whether it is staff with staff, teachers with students, or the students among themselves.
- Nobody gives of their best unless they feel valued and wanted – so that is where our educational philosophy begins.
- Social development is as important as academic development and what doesn't get noticed in assessment, we hope gets reflected in our Value Add work and in students' records of achievement.

Framework for Improving Student Outcomes (FISO)

The FISO priority that we concentrated on in 2021 was focused on excellence in teaching and learning. To enable this, we adopted two initiatives:

- Building practice excellence: teachers, principals and schools will work together, and
- Curriculum planning and assessment: schools will embed a culture of curriculum planning, and assess the impact of learning programs, adjusting them to suit individual student needs.

A number of key improvement strategies were used to enable these initiatives. They included ongoing assessment tests, the implementation by our teachers of the Victorian Curriculum, a focus on writing and spelling, and maths by involving "I can statements" for all levels of the F-6 Victorian Curriculum

Noting that 2021 was another unique year with the covid19 pandemic - hence remote learning for part of the year.

However we were able to continue to offer excellent teaching and learning programs by modifying the learning to enable parents and guardians to work with their children.

Achievement

To Improve the learning growth and achievement of every student

During remote learning, staff were able to utilise online resources for content-delivery and assessment and consequently develop new ways of differentiating for students

Online testing completed as per assessment schedule for maths, reading, spelling and vocabulary was used at the end of the year .

Students responded well to self-directed and project-based learning tasks during the remote learning period. In 2022, we plan to incorporate more self-directed learning tasks into our curriculum.

Each capable student was able to show at least one year's growth in English and Maths every year. Using student progression through the Victorian Curriculum achievement standards.

Continue the tutor program for 2022

Learning, catch-up and extension priority for 2022

Engagement

Building a stimulating learning environment that engages and challenges students in their learning and foster positive well-being in every individual.

All students to demonstrate their progression through the standards in a "critical and creative thinking" matrix. Using MAPPEN Program

Mappen program has been implemented and we will continue with this program.

Mappen PD to be ongoing in 2022

In 2022 our PLCs will focus on opportunities to continue building student agency in the classroom.

Continue to implement the critical and creative thinking matrix for students to track their progression through the standards.

Note: *(as small schools don't receive AtSS data for cohorts less than 3 the school to develop a matrix chart for critical and creative thinking standards.

Wellbeing

Happy, active and healthy kids priority for 2022

Develop curriculum resources which reflect well-being and social-emotional learning focus

Through a consultation process, establish a student monitoring and referral process.

Teachers will integrate social-emotional learning into school practice and programs

Students will feel supported and engaged and contribute to a strong classroom culture

Students with acute needs will receive individualised support

Self- assessment against the DET inclusive schooling index tool

Students engagement in well-being program (feedback, participation, classroom observations)

Data used to identify students in need of targeted support

Strengthen communication and partnerships with parents and the wider community.

Breakfast program has been successful – this will continue in 2022

We will engage parents to be actively involved in their child's learning by having formal meetings with parents held twice a year to review student progress and learning plans (Parent/Teacher/Student interviews) - Students create their own learning portfolio and display at interviews

Continue the Respectful Relationships Program.

Average student responses (for student survey) to be at or above the state mean in the areas of:

safety, peer relationships & student morale.

Review and assessing of all safety protocols and procedures to be undertaken annually.

To be posted on school website or provided to all staff and families.

Finance performance and position

All funds received from the Department, or raised by the school, have been expended, or committed to subsequent years, to support the achievement of educational outcomes and other operational needs of the school, consistent with Department policies, School Council approvals and the intent/purposes for which funding was provided or raised. Carlisle River Primary School maintained a very sound financial position throughout 2021. The 2019-2023 School Strategic Plan, along with the 2021 Annual Implementation Plan, continued to provide the framework for school council allocation of funds to support school programs and priorities.

The Financial Performance and Position report shows an end of year surplus. This surplus occurred through sound management by the school council, principal and bursar. . The school received a small amount of Equity Funding, which contributed towards ensuring the best outcomes for all our students

<http://www.carlisleriverps.vic.edu.au/>

Performance Summary

The Performance Summary for government schools provides an overview of how this school is contributing to the objectives of the Education State and how it compares to other Victorian government schools.

All schools work in partnership with their school community to improve outcomes for children and young people. Sharing this information with parents and the wider school community helps to support community engagement in student learning, a key priority of the Framework for Improving Student Outcomes.

Refer to the 'How to read the Annual Report' section for help on how to interpret this report.

SCHOOL PROFILE

Enrolment Profile

A total of 8 students were enrolled at this school in 2021, NDP female and NDP male.

0 percent of students had English as an additional language and 0 percent were Aboriginal or Torres Strait Islander.

Overall Socio-Economic Profile

The overall school's socio-economic profile is based on the school's Student Family Occupation and Education index (SFOE).

SFOE is a measure of socio-educational disadvantage of a school, based on educational and employment characteristics of the parents/carers of students enrolled at the school. Possible SFOE band values are: Low, Low-Medium, Medium and High. A 'Low' band represents a low level of socio-educational disadvantage, a 'High' band represents a high level of socio-educational disadvantage.

This school's SFOE band value is: High

Parent Satisfaction Summary

The percent endorsement by parents on their school satisfaction level, as reported in the annual Parent Opinion Survey.

Percent endorsement indicates the percent of positive responses (agree or strongly agree) from parents who responded to the survey.

School Staff Survey

The percent endorsement by staff on School Climate, as reported in the annual School Staff Survey.

Percent endorsement indicates the percent of positive responses (agree or strongly agree) from staff who responded to the survey.

Data is suppressed for schools with three or less respondents to the survey for confidentiality reasons.

ACHIEVEMENT

Key: ‘Similar Schools’ are a group of Victorian government schools that are like this school, taking into account the school’s socioeconomic background of students, the number of non-English speaking students and the size and location of the school.

ACHIEVEMENT (continued)

NAPLAN Learning Gain

NAPLAN learning gain is determined by comparing a student's current year result relative to the results of all 'similar' Victorian students (i.e., students in all sectors in the same year level who had the same score two years prior). If the current year result is in the top 25 percent, their gain level is categorised as 'High'; middle 50 percent is 'Medium'; bottom 25 percent is 'Low'.

**Learning Gain
Year 3 (2019) to Year 5 (2021)**

	Low Gain	Medium Gain	High Gain	High Gain (Similar Schools)
Reading:	NDP	NDP	NDP	27%
Numeracy:	NDP	NDP	NDP	21%
Writing:	NDP	NDP	NDP	16%
Spelling:	NDP	NDP	NDP	20%
Grammar and Punctuation:	NDP	NDP	NDP	14%

ENGAGEMENT

WELLBEING

Key: ‘Similar Schools’ are a group of Victorian government schools that are like this school, taking into account the school’s socioeconomic background of students, the number of non-English speaking students and the size and location of the school.

Student Attitudes to School – Sense of Connectedness

The percent endorsement on Sense of Connectedness factor, as reported in the Attitudes to School Survey completed annually by Victorian government school students, indicates the percent of positive responses (agree or strongly agree).

Sense of Connectedness Years 4 to 6	Latest year (2021)	4-year average
School percent endorsement:	NDP	98.0%
Similar Schools average:	83.5%	82.8%
State average:	79.5%	80.4%

Due to lower participation rates, differences in the timing of the survey/length of survey period and the general impact of Covid19 across 2020 and 2021, data are often not comparable with previous years or within similar school groups. Care should be taken when interpreting these results.

Student Attitudes to School – Management of Bullying

The percent endorsement on Management of Bullying factor, as reported in the Attitudes to School Survey completed annually by Victorian government school students, indicates the percent of positive responses (agree or strongly agree).

Management of Bullying Years 4 to 6	Latest year (2021)	4-year average
School percent endorsement:	NDP	93.3%
Similar Schools average:	84.4%	84.1%
State average:	78.4%	79.7%

Due to lower participation rates, differences in the timing of the survey/length of survey period and the general impact of Covid19 across 2020 and 2021, data are often not comparable with previous years or within similar school groups. Care should be taken when interpreting these results.
