Monday 22nd June 2020

Dear Parents & Friends,

School Council Meeting – (via WebEx) TONIGHT – starting at 7.30pm

The Importance of Reading
“Develops critical thinking skills”

One of the primary benefits of reading books is its ability to develop critical thinking skills. For example, reading a mystery novel sharpens your mind. What elements are there in a story to make this or that conclusion. Or if a book is non-fiction you will sometimes ask yourself if the author is right. Critical thinking skills are crucial when it comes to making important day to day decisions. Reading requires an individual to think and process information in a way that watching television can't. The more you read, the deeper your understanding becomes about what you're reading and its application. (More next newsletter) source- 2018 young readers foundation

Useless information 😊

9. Dirty snow melts faster than clean snow
10. The white part of your fingernail is call the 'lunula'
11. Emus cannot walk backwards (not can Kangaroos!)

Reduce your risk of COVID-19

Clean your hands often

Cough or sneeze in your bent elbow – not your hands!

Avoid touching your eyes, nose and mouth

Limit social gatherings and time spent in crowded places

Avoid close contact with someone who is sick

Clean and disinfect frequently touched objects and surfaces
