Happy Birthday to Jesse (for this Saturday)

The Importance of Reading

Why we should read books every day?

Reading is an exercise for the mind. It helps kids calm down and relax, opening doors of new knowledge to enlighten their minds. Kids who read; grow up to have better cognitive skills.

Reading is good for everyone, not just children or young adults

Reading improves vocabulary

Even as adults, when we read, we come across many new words we never really heard of. Moreover, we learn from this. As you read, you come across new words, phrases and writing styles. This is even more so for young people. Children sometimes stumble over their words, do not know how to pronounce them or what they mean. By reading, you encounter new words more frequently and sometimes repetitively and therefore can see them better in their context. If you then pay attention to the pronunciation as a parent, your child will be better prepared for school. (more next week) source- 2018 young readers foundation
