Monday 27th July 2020

Dear Parents & Friends,

Student of the week- Amos for his enthusiasm for learning and being an exceptional student for Mr Douma while Ms Foster was away.

The Importance of Reading Improves analytical skills

Figuring out how the story was going to end before finishing the book means you utilized your analytical skills. Reading allows your thinking skills to become more developed in the sense that you consider all aspects

Useless information ☺

- The Yo-Yo originated in the Philippines, where it was used as a weapon in hunting
- Months that begin with a Sunday will always have a Friday the 13th
- The bread slots in a toaster are toast wells
- There are 1,929,770,126,028,800 different colour combinations possible on a rubric cube. *More next newsletter*

The health and wellbeing of everyone continues to be the highest priority for CRPS. We ask you to continue to consider your health and the health of our community. In doing this students experiencing compatible symptoms with coronavirus (COVID-19), such as fever, cough or sore throat, are encouraged to seek the advice of their healthcare professional and remain at home until the symptoms pass. A medical certificate is not required to return to an education setting after a period of illness, however students should not return until all symptoms have resolved.
